I'm sorry for being a pedo myself and posting NSFW and Fetishes, and also asking a minor to show boobs, and posting loli stuff, and Drawing a NSFW Art of Queen Ripple from Kirby 64. It's all my fault!

She's showing s3xy pictures in comments.

What is wrong with you to go on your way to send a user porn? You're 19. You should know how immature this.

This is why I will never follow you nor friend me again because I know you never changed. And this right here proves that. Harassing a user by sending porn is pathetic. Get a life that doesn't involve sending users The Loud House porn.

And to be honest, you are no longer welcome in my profile nor social media. Goodbye forever!

And no, I'm not saying "butt poop" either because it's gross.

She joined disgusting groups.

Back in 2020 Chiarey would go on her way to spam gore. Gore of underaged fictional girls to be exact. She would ping minors, telling them to look at the image she sent or captioning them.

She also sent realistic gore to the same victims movie that which is still uncalled and also btw.

Bingy, you shouldn't give llama badge because she's p3do.

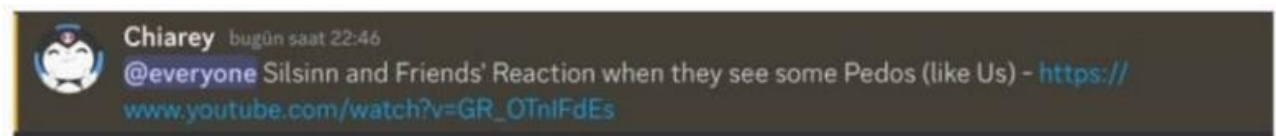

ChiareyChan has send a cheese pizza lolicon picture in chat conversation as well as drawing cheese pizza on her own and sending it on discord

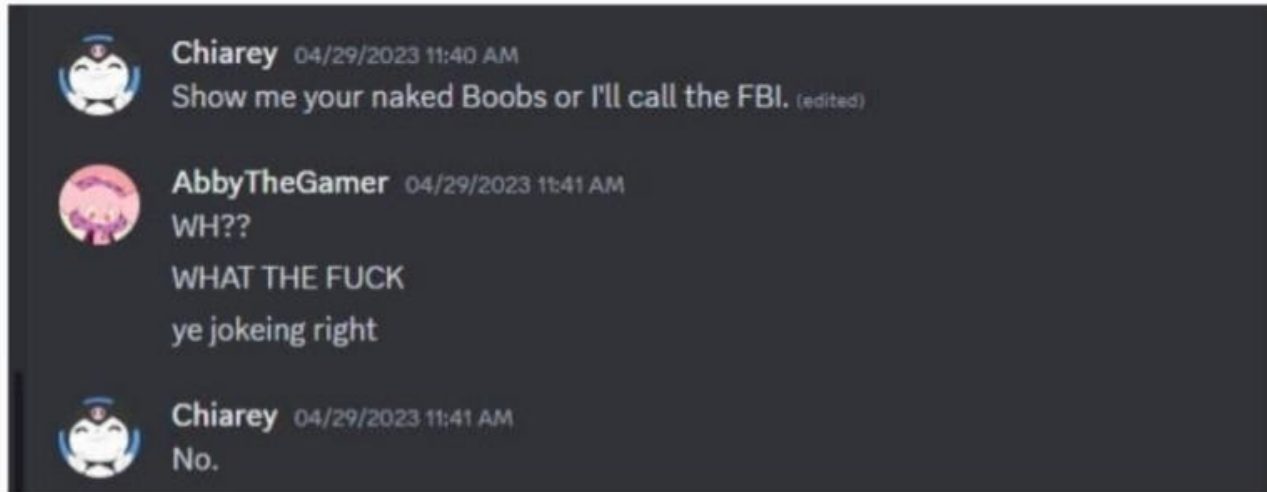

Screenshots from Lukey-O

She even openly admitted to her something that picture on discord and-

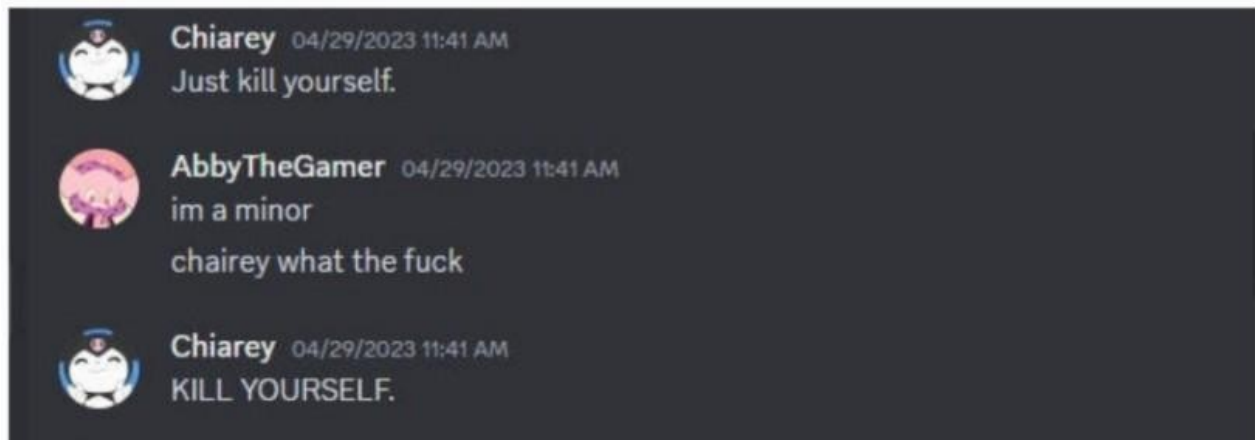

Not only that she asked a minor to show her breast and claiming she's not joking for p3do.

It's really disgusting her behavior.

After Chiarey, asked the minor for breast, she told the minor to kys themselves.

Death threats is not gonna to get her anyways.

She's favorites Inflation stuff because is dangerous inappropriate for a p3dophile.

Sorry guys, I can't take screenshots of ChiareyChan actions in the past.

If you're still friends with ChiareyChan, I recommend you to go ChiareyChan profile and go to horizontal with 3 dots and go block [her and confirm](#). If you watch ChiareyChan, then YOU'LL BE P3DOPHILIA AND I'LL BLOCK YOU! So better trust me please, I've right permanently cut tied with her anymore or so. I'm also good at this.

So please don't refuse to block her immediately.

Don't make death threats ChiareyChan or else, I will put you in the same bad position.

If you don't believe her, she's a p3dophile.

I'll update this callout rant.

To ChiareyChan, if you see with your friends and/or your followers, just go to reverend the bullcrap/dumbest. You're 19 now, so enjoy deactivating your DeviantArt account for doing a lot of horrible things. So you should accept to get terminated if you're still a bad person. And don't say "I'm sorry" nor "I'm sorry about that..." because no one will forgive you, so enjoy deactivating your account for making inappropriate stuff nor NSFW stuff, strongly fetish, and p3dos. You better quick the internet right now, or else IT'S PUNISHMENT DAY!!!

You never come back to DeviantArt ever again. I dare you never reactivate your account anymore. Stay your account deactivated permanently.

This is me Rehaan here, signing off...
